

# *MSC now makes it easy to be green!*

## **FAQ's:**

### ***Q: What is Single Stream Recycling?***

**A:** Single-Stream recycling is a recycling process in which household trash and recyclables are placed in one trash bag together with no sorting required by individual recyclers.

### ***Q: Why are we moving to single stream recycling?***

**A:** Using just one collection bag for all your trash and recyclable items increases the ease and convenience of recycling so that more people participate and more resources are saved.

### ***Single Stream is now at...***
